

## 6~60mm Vari-focal Lens

CAS-1100

H/W Version: 1

CAS-1100 is a vari-focal lens that offers up to 10x manual zoom function. This is a great accessory for any system installer using several box-type cameras but wishes to get a closer look at certain objects in the frame. Ideal for zooming close to doors and exits, or other sensitive areas requiring detailed imagery.
