

IR Illuminator

CAS-3015

H/W Version: 2

Ideal for low-light conditions

The CAS-3015 is an IR LED Illuminator that improves camera viewing distance in low-light conditions. Whether indoor or outdoor, this is a great accessory to create strong surveillance solutions in diverse environments.

Great range, great quality

With a range of up to 15 meters (49 feet), you're able to improve a camera's performance by providing additional light.

The CAS-3015 has a built-in sensor that automatically turns on and off according to the amount of light that is received.

Works well with any LevelOne surveillance camera

This product works well with any LevelOne indoor/outdoor or day/night camera that can receive infrared light. It is constructed with an aluminum casing and sunshield that is IP66 rated for tough surveillance deployments.

Key Features

Technical Specifications

IR Distance

15M (Based on object of view reflected IR light)

IR LED

6 pcs

IR View Angle

80°, beam spread:20~30° per LED

IR Wavelength

850nm

IR Status

Under 10 lux by photo sensor auto control

LED Life

More than 20,000 hours

Protection Class

IP66-rated waterproof

Power Supply

12V/1.5A

Power Consumption

IR on:180mA

Construction

Aluminum with sunshield weatherproof

Temperature

Operating: -20°C ~90°C (±5°C)

Storage: -30°C ~90°C (±5°C)
