

CAS-3115

15m IR Illuminator

H/W Version: 1

Product Overview

The CAS-3115 is an IR LED Illuminator that improves surveillance camera performance in low-light or night situations. Whether indoor or outdoor, this is a great accessory to create strong surveillance solutions for your needs.

Great range, great quality

With a range of up to 15meters (49 feet), you can maximize your camera performance by providing an

extra source of invisible infrared light. The Illuminator has a built-in sensor which turns on/off automatically via the amount of light that is received.

Operating In Extreme Environment

The waterproof enclosure (IP67 standard) provides a complete protection against dust and effects of water immersion up to 1 meter.

- 1. IR LED
- 2. Sensor
- 3. Power Cord Socket

Key Features

- Lower energy consumption and superior quality illumination
- Long life LED lighting which can last up to 10000 hours
- Built-in photo sensors for light detection and lighting control
- IP67 waterproof enclosure provides a strong protection for outdoor surveillance

Works Well With

FCS-1141
H.264 2-Megapixel PoE Network Camera

FCS-1151
H.264 1.3-Megapixel PoE Network Camera

Technical Specifications

IR Distance

15M (Based on object of view reflected IR light)

IR LED

60 pcs

IR View Angle

25°degree

IR Wavelength

850nm

IR Status

Under 15 Lux by photo sensor auto control

LED Life

More than 10,000 hours

Protection Class

IP-67 rated

Power Supply

DC12V/1A

Power Consumption

IR on: 70mA

Construction

Die Casting al-alloy

Temperature

Operation: -20°~60°C

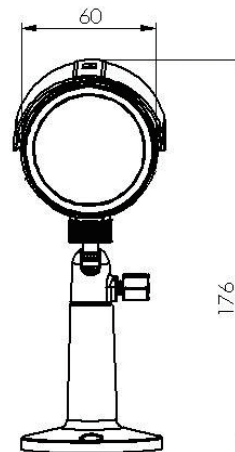

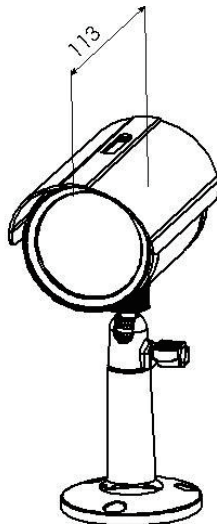

Dimension

113(D) x 60(W) x 176(H) mm

Weight

0.4kg
