

8-Bay Chassis, 500W

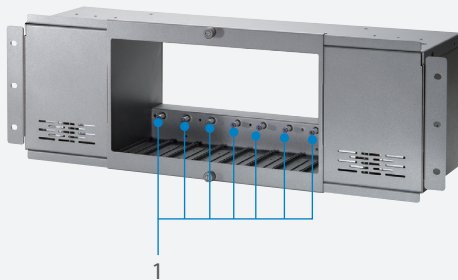

POC-4002

H/W Version: 1

POC-4002 is a rugged and durable 8-Bay high-power PSE chassis that houses up to 8 PFE-1001/1101T PoE Extender over Hybrid Fiber. All injectors are securely fastened in 19" 4U chassis for easy management and deployment any PoE Extender over Hybrid Fiber PoE device.

large PoE network from a single location has never been easier as POC-4002 supports centralized management for all PoE devices. Installation is simple and easy and you will the PoE network deployed faster than ever with this complete plug and play solution.

provides an ideal solution for large PoE network devices like PTZ IP Cams, IP Cams that require power for built-in IR LEDs, or 802.11n WiFi APs, Building a

1. Power Jack
2. Power Cord Socket
3. Power On/Off Switch

Key Features

- Accommodates up to 8 bays for high-power PoE-PSE PFE-1001T & PFE-1101T
- Standard 19" Chassis mountable for space-saving convenient installation
- Plug & play features for easy system expansions
- Two DC electric fans for thermal ventilation
- 250V 5A Fuse Protection

Works Well With

PFE-1001T
PoE Extender over Hybrid Fiber,
Transmitter, 65W

PFE-1101T
PoE Extender over Hybrid Fiber,
Transmitter, 120W

Technical Specification

Input Voltage

100~240V AC, 50/60 Hz

Output Voltage

(56V DC/2.14A) x 8

Power Output

120W x 4 pcs

DC Fans (x 2)

24V DC

Fuse

250V 10A

Dimension (L x W x H)

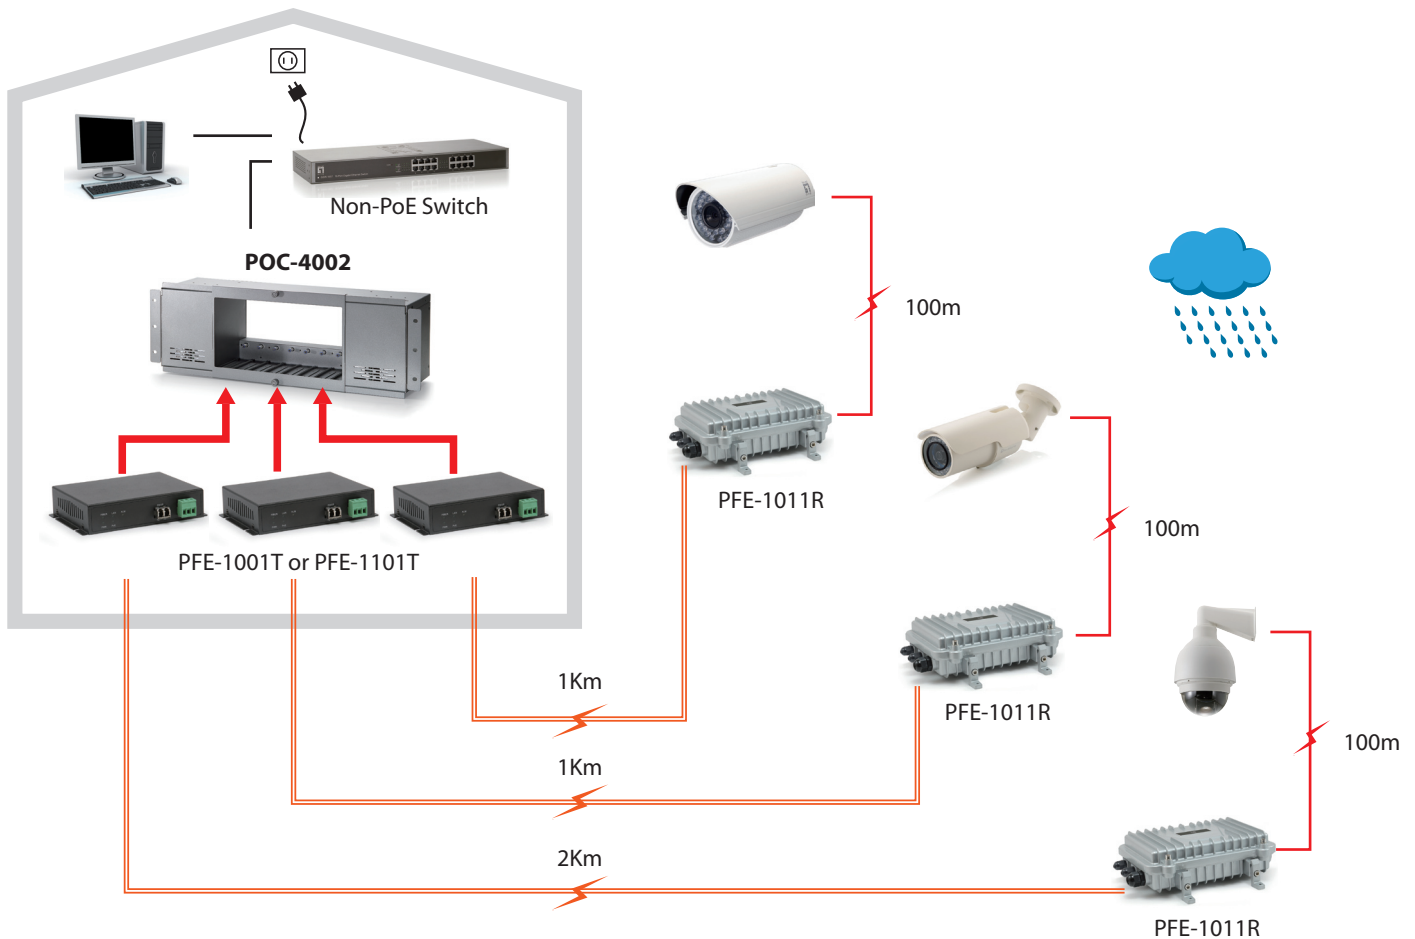

440mm x 215mm x 135mm

Weight

3.1 kg

Product Diagram

- Ethernet Cable (RJ 45)
- ⚡ PoE
- Fiber
- ⚡ Hybrid Fiber Cable (Data + Power)
