

54Mbps Wireless Projector Server

WPG-1000

H/W Version: 1

LevelOne's WPG-1000 projector server is sure to win your presentations the praise they deserve. No longer will your presentation be restricted to just one PC. The WPG-1000 is a projector server that connects to any standard projector, and with minimum configuration makes the projector available to any wireless notebook or PC in the room. Now, multiple users can take part in your presentation without having to pass the video cable around the table.

The WPG-1000 uses a 10/100Mbps wired connection to your LAN through a switch or

router. It can also be used to share your Internet connection wirelessly in the meeting room using the built-in IEEE 802.11g compliant access point. With a wireless connection speed of up to 54Mbps, it is enough to smoothly show any Flash or PowerPoint animations, and video playback.

There is also an internal 64 Megabytes of storage for image storage, which allows you to show photos without a computer at all. This newfound mobility allows you more flexibility in your presentations.

8. USB Interface

Key Features

- Project the screens of your computers wirelessly
- Built-in image viewer and 64 MB internal storage for presentations without PC
- Resolution up to 1024x768 and 24-bit colors
- Wireless Access Point or AP Client Modes
- Wireless data rate up to 54Mbps
- 64/128-bit WEP encryption
- Coverage up to 25m
- Easy-to-use user interface

Works Well With

WBR-3408
54 Mbps Wireless Router w/ QoS

WNC-0305USB
54 Mbps Wireless USB Adapter

Technical Specification

LAN-Interface

1x 10/100 Mbps RJ-45 Port

USB Interface

1x USB Port for Keyboard and Mouse

VGA Interface

1x VESA D-Sub 15-pin Female Port
Resolutions: 640x480 VGA, 800x600 SVGA,
1024x768 XGA, 1280 x 1024 SXVGA

Wireless Data Transfer Rate

802.11g: 54 ~ 6 Mbps
802.11b: 11 ~ 1 Mbps

Number of Channels

Ch.1 ~ 11 USA
Ch.1 ~ 13 EU, Japan

Operating Frequency

2.4 ~ 2.4835 GHz

Antennas

Built-in 2dbi Antenna

Wireless and Network Modes

Automatic AP or Client mode
Manual Ad-hoc mode
Wireless Security: 64/128 bit WEP Encryption
DHCP Client or Static IP
Built-in Auto-IP Technology

Real-Time View

Smooth flow of Flash and PowerPoint animations
Supports Video Players: Media Player, Real Player
and Quicktime

Two compression/transmission speeds

Cabling

Standard VGA
Ethernet Cat.5 RJ-45 Cable

Operating System

Windows 98SE/ME/2000/XP

Physical Characteristics

Internal Storage: 64 MB
Power: 5V / 2.5A
Construction: Fire-Resistant Plastic
Operating Temperature: 0°C ~ 40°C / 85% Humidity
Storage Temperature: -20°C ~ 70°C / 95% Humidity
Dimensions: 208mm(L) x 144mm(W) x 33mm(H)
Weight: 400g

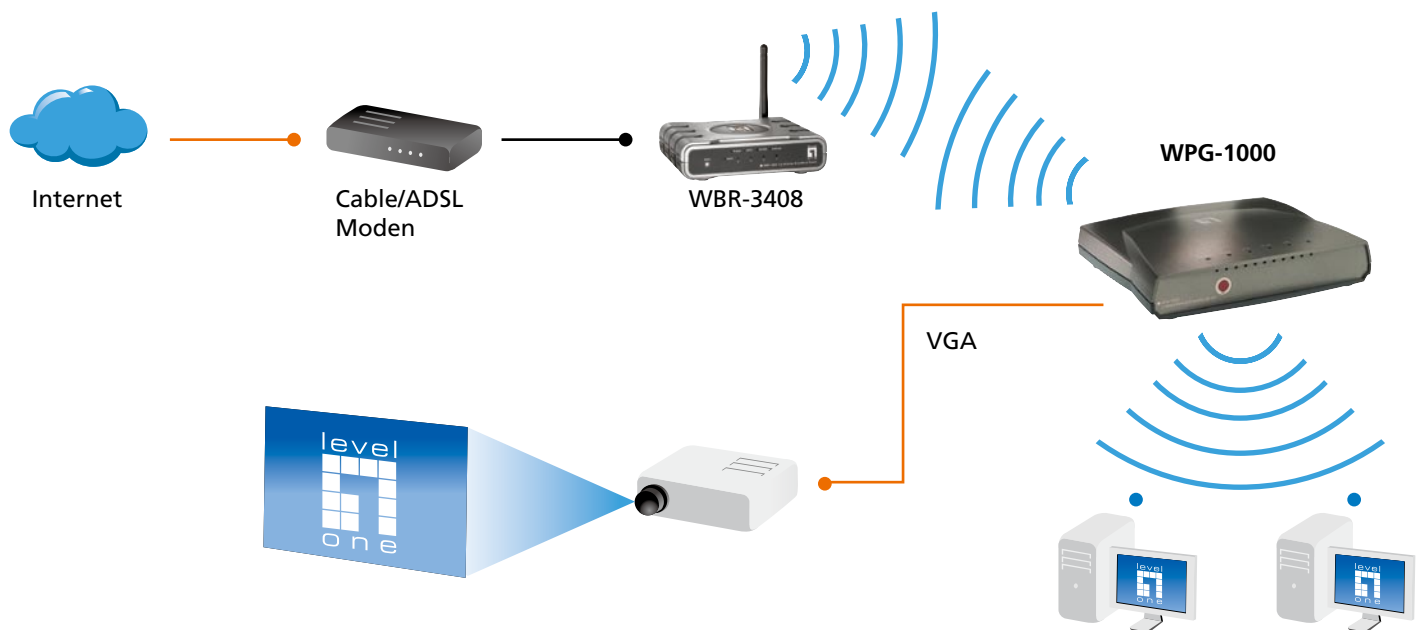

Certification

FCC, CE

Standard Compliant

IEEE 802.11b, IEEE 802.11g
IEEE 802.3x, IEEE 802.3, IEEE 802.3u
