

# 150Mbps N Wireless USB Adapter

WUA-0603

H/W Version: 2

## Upgrade your wireless to 802.11n Technology

With the recent developments in wireless home networking, the newest technology is now available to end users at an affordable price. Compared to the older 802.11g standard, the LevelOne N Wireless USB Adapter uses the 802.11n standard to offer fast speeds of up to 150Mbps.

## Stream and share files wirelessly

The LevelOne N Wireless USB Adapter offers users a simple way to connect to their local network for quickly accessing and sharing files. A great solution for work or entertainment, the N Wireless USB Adapter is a reliable and secure solution for any notebook or

desktop computer that needs to add strong wireless connectivity.

## Small, compact and secure

The LevelOne N Wireless USB Adapter uses new System on a Chip (SoC) technology, which provides a much smaller housing for end users. This makes it convenient and easy to install in both notebook and desktop computers. And with WPA2 wireless encryption, users can feel safe knowing that their data is being sent securely and without intrusion.

\* Network speeds vary according to network equipment, network set-up and environmental influencing factors.
