

## **POC-4000**

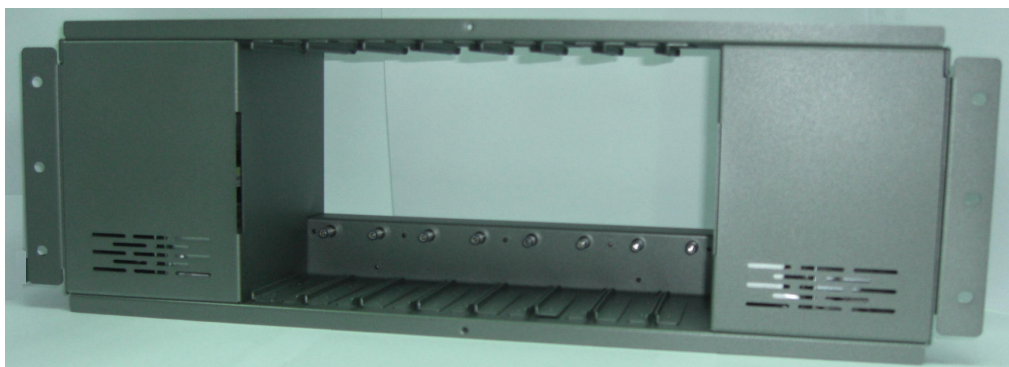

### **19" 8-Bay PSE Chassis for POI-4000-Z**

#### **Product Description:**

POC-4000 is a 8-Bay chassis to centralize up to 8 POI-4000-Z on a location. It contains 8 slots for POI-4000-Z which is a high power 40W PoE Injector.

POI-4000-Z is a high-power PoE injector that powers up PoE devices remotely. It can support either PD with 802.3af IEEE PoE or PoE midspan. The maximal power output is 40W that can afford most PoE devices such as Wifi AP, IP cam with PTZ or equipped IR LEDs function etc.

Building a large PoE network from a central location has never been easier. To support centralized management for all PoE devices, POC-4000 can fulfil the goal and operate in plug and play for system expansion.

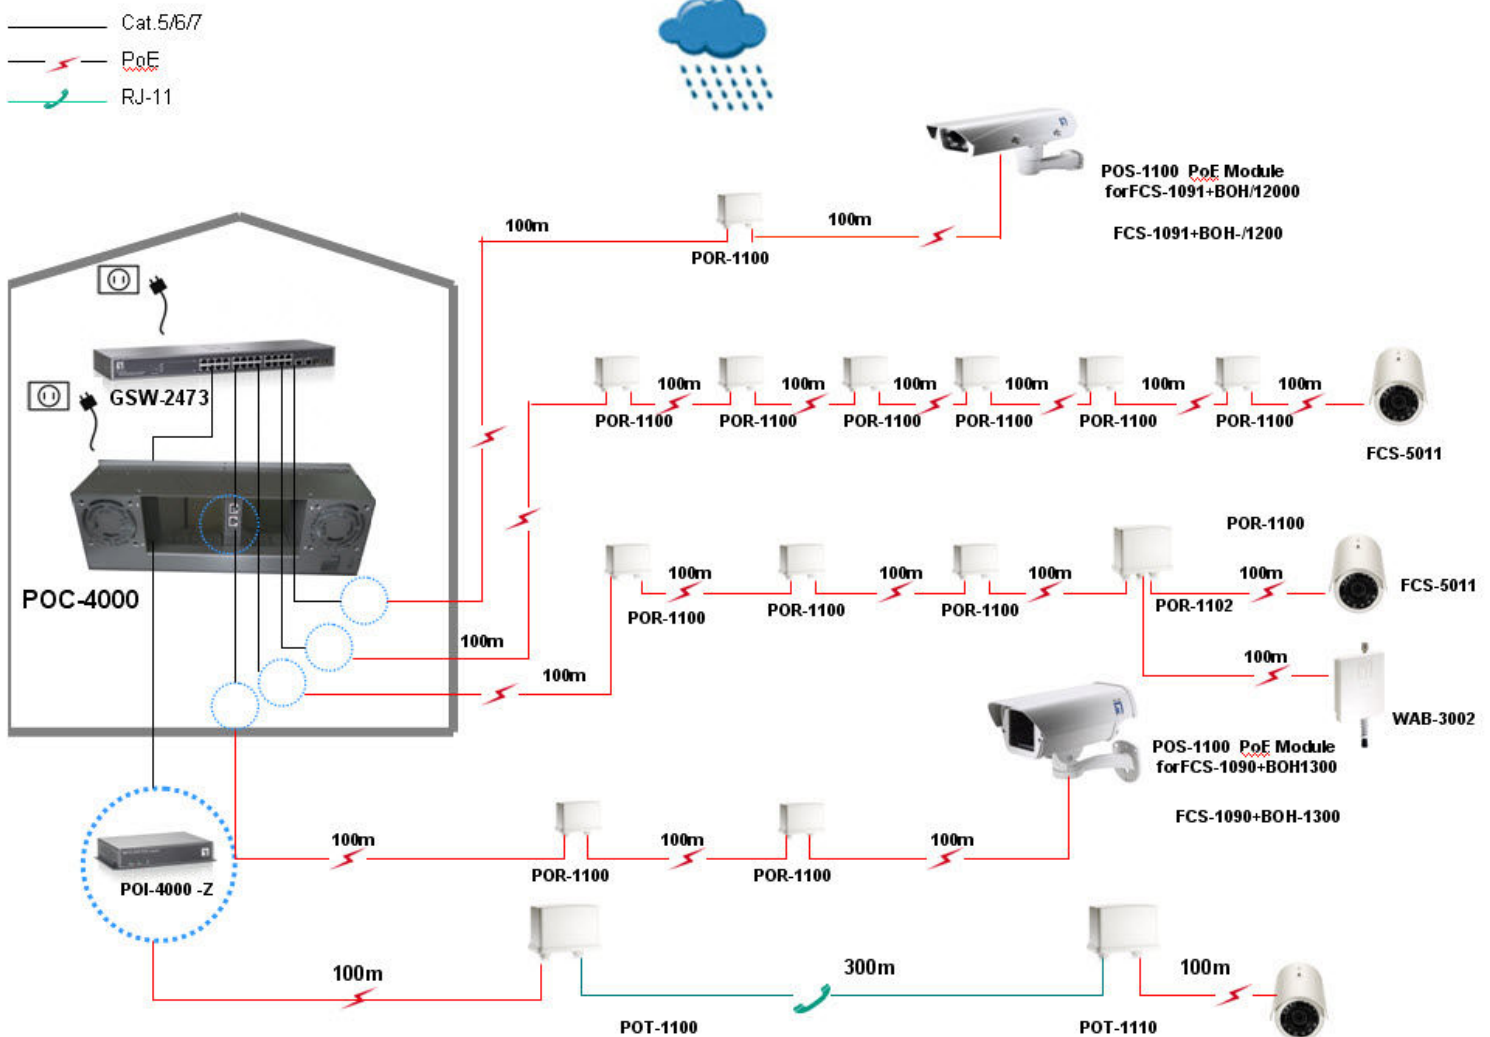

**POC-4000**

## Features:

- Accommodate up to 8 high power PoE-PSE POI-4000-Z
- Standard 19-inch chassis mountable for space-saving convenient installation

## Application Diagram:

## Note:

- POI-4000-Z has no external adapter, it is powered up by POC-4000
- POI-4000-Z can only work with POC-4000
- POI-4000 external power adapter can be replaced by POC-4000 as power source

## Specifications:

### Input Voltage

100-240VAC 50/60Hz

### Output Voltage

(24VDC/5.2A) x4

### Dimensio

483(L) x 164(W) x 89(H) mm

### Weight

3 kg

7 kg with 8 PSE of POI-4000-Z
