

Megapixel Day/Night PoE Outdoor Network Camera

FCS-5041

H/W Version: 1

The Level1 FCS-5041 is an outdoor bullet IP camera. It adopts Megapixel sensor which allows the camera to deliver extremely clear and detailed images that the CCTV cameras do not offer. It offers a highly efficient H.264/MJPEG/MPEG-4 video compression, which reduce bandwidth and storage requirements without compromising image quality. It can also deliver dual configurable video streams simultaneously at 30 frame rate at the megapixel resolution.

A special function of the FCS-5041 Bullet IP Camera is its smart focus capability; it allows users and installers to configure settings for excellent image quality without complicated procedures. It also supports for Power over Ethernet enables the unit to receive power through the same cable as for data transmission. This makes for easy installation without external power supply. It provides a USB connector for option: supports USB flash drive for local storage.

With an IP67 certified outdoor enclosure, the FCS-5041 is not only weather proof, but also dust and rust resistant. The FCS-5041 is suitable for demand of professional surveillance such as bank, office building, and factory applications.

The FCS-5041 comes bundled with the LevelOne IP CamSecure Surveillance Software. It allows users to monitor the cameras up to 64 channels simultaneously.

- 1. Auto Focus Lens
- 2. IR LED
- 3. LAN Cable
- 4. General I/O terminal block
- 5. RS485+AC24V terminal block
- 6. USB port
- 7. Microphone in (pink)
- 8. Audio out (green)
- 9. Power cord socket (black)
- 10. Reset button

Key Features

- Megapixel (1280 x 800) high-definition resolution
- IEEE 802.3af PoE compliant to simplify deployment and installation
- Weatherproof IP67-rated housing
- Built-in infrared LEDs for night viewing up to 15m
- Removable IR-cut filter for day and night surveillance
- Compression: H.264/MPEG-4/MJPEG
- Supports 2 video streams simultaneously
- Digital input/output (1DI/1DO) for sensor and alarm
- Triple power support: 12VDC/24VAC/PoE (IEEE 802.3af)
- Free 64-channel monitoring software included (supports iCamSecure App)

Works Well With

POI-4000 High Power Injector

POR-1100 Outdoor PoE Repeater
