5/8-Port wl 1 Port PD Fast Ethernet Switch

## FCC Warning

This device has been tested and found to comply with limits for a Class A digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates and radiates radio frequency energy and, if not installed and used in accordance with the user's manual, it may cause interference in which case users will be required to correct interference at their own expenses.

## CE Warning

This is a Class A product. In a domestic environment, this product may cause radio interference in which case the user may be required to take adequate measures.

## Introduction

This switch provides $5 / 8$ ports $10 / 100 \mathrm{M}$. It was designed for easy installation and high performance in an environment where traffic is on the network and the number of users increases continuously.

It builds Power Device (PD) feature on its port $5 / 8$ and by using this port, it can get power source from other PSE ports through cat. 5 cable

The small compact palm size was specifically designed for small to medium workgroups. It can be installed where space is limited; moreover, it provides smooth network migration and easy upgrade to network capacity.

## Package Contents

Before you start to install this switch, please verify your package that contains the following items

- One 5/8 port PoE Fast Ethernet Switch
- One User's Manua

Note: If any of these items is found missing or damaged, please contact your local supplier for replacement.

## Key Features

- 5/8 Port 10/100M Switch (Auto-negotiation)
- Port 5/8 builds in IEEE 802.3af Power Device (PD) feature getting power source from other PSE ports
- Palm size with metal case
- Auto-learn of networking configurations
- Auto-detect full/half-duplex modes for any port
- Dedicated full-duplex 200Mbps bandwidth
- Store-and-Forward switching methods
- IEEE 802.3x flow control for full-duplex and back-pressure flow control for half-duplex
- Non-blocking \& Non-head-of-line blocking full wire speed forwarding
- Auto-MDI/MDI-X function for any port
- Smart plug \& play

## Front Panel (LEDs)

LED Indicators of 5/8 Port with 1 Port PoE 10/100M Switch

| LED | Status | Description |
| :--- | :--- | :--- |
| Power | On | Power is on. |
|  | Off | Power is off. |
| LINK/ACT | On | Port is for connection. |
|  | Off | No connection. |
|  | Flashing | Data is transmitting or <br> receiving |

## level

8 port switch

5 port switch

## Rear Panel (Connections)

## Switch/Hub to this 5/8 Port with 1 Port PoE Fast Ethernet Switch

This switch provides automatic crossover detection functionality for any port. It is simple and friendly to up-link to another switch without crossover cable.

## Power

Power is supplied through an external DC power adapter.

8 port Switch

PC/Other devices to this 5/8 Port with 1 Port PoE Fast Ethernet Switch
Via a twisted pair cable straight through, this switch can be connected to PCs, servers and other network devices.

## Technical Specifications

| Standards | IEEE 802.3af <br> IEEE 802.3 10 BaseT <br> IEEE 802.3u 100BaseTX <br> IEEE 802.3x Flow control |
| :---: | :---: |
| Features | Number of Ports: 5/8 10/100BaseT(X) with 1 PD/PoE Port MAC Address: 2K Buffer Memory: 1M bits Method: Store and Forward |
| Filtering/ Forwarding Rates | $\begin{aligned} & \text { 100Mbps port }-148,800 \mathrm{pps} \\ & \text { 10Mbps }-14,880 \mathrm{pps} \end{aligned}$ |
| Transmission Media | 10BaseT Cat. 3, 4, 5 UTP/STP 100BaseTX Cat. 5 UTP/STP |
| LED Indicators | Per Port: LINK/ACT <br> Per Unit: Power |
| Power <br> Supply | DC 7.5V/0.8A |
| Power Consumption | 6 Watts (Max) |
| Dimensions | $\begin{aligned} & 130 \times 77 \times 24 \mathrm{~mm} \\ & (\mathrm{~L} \times \mathrm{W} \times \mathrm{H}) \end{aligned}$ |
| Weight | 0.35 kg |
| Operating Temperature | 0 to $55^{\circ} \mathrm{C}$ |
| Storage Temperature | -20 to $90^{\circ} \mathrm{C}$ |
| Humidity | 10 to $90 \% \mathrm{RH}$ (non-condensing) |
| Certifications | FCC Class A, CE |
